LIAM VAN DEN BERG

Junior C#/.NET Developer | Backend Focus

Centurion, Gauteng · Liam.vandenBerg@outlook.com · (+27) 66 055 0082 · github.com/liamvandenberg

PROFESSIONAL PROFILE

Entry-level C#/.NET developer focused on backend application development, with hands-on project experience building an ASP.NET Core Web API backed by PostgreSQL. Familiar with Entity Framework Core, LINQ, REST API design, authentication, business logic and automated testing, with experience using AI-assisted development tools.

TECHNICAL SKILLS

Languages & Backend: C#, .NET 10, ASP.NET Core Web API, REST APIs, dependency injection, service-based architecture
Data & Testing: Entity Framework Core, LINQ, PostgreSQL, relational data modelling, migrations, SQL (foundational), xUnit, SQLite in-memory testing
DevOps: Docker, Linux, Windows, Git/GitHub, CI/CD (GitHub Actions), Wireshark
AI-Assisted Development: GitHub Copilot, Claude Code, Cursor, OpenCode
Frontend: React, Next.js, TypeScript, Tailwind CSS
Professional Skills: Problem-solving, troubleshooting, customer service, technical support

PERSONAL PROJECTS

Barkley & Mewton - Business Web Application *C#, .NET 10, ASP.NET Core, EF Core, PostgreSQL*
Backend API for a business platform covering pet-grooming bookings, an online shop and administrative workflows.

- Built REST API functionality with ASP.NET Core, separating controllers from business logic through service classes and dependency injection.
- Integrated PostgreSQL through Entity Framework Core, using LINQ for data queries and maintaining entity relationships and database migrations.
- Implemented booking availability, duration and pet-specific pricing rules, including multi-pet and recurring appointments, alongside product and order workflows.
- Implemented authentication with JWT access tokens, refresh-token rotation, password hashing and email verification; added xUnit tests using SQLite in-memory and automated .NET build/test checks through GitHub Actions.

Personal Portfolio Website *Next.js, React, TypeScript, Tailwind CSS* GitHub

- Built and debugged a personal portfolio site using reusable React components, Next.js App Router, TypeScript and Tailwind CSS, with interactive navigation and an email-copy feature.

EXPERIENCE

Barkley & Mewton Centurion, Gauteng
Pet Groomer 2021 - Present

- Washed, dried and groomed pets, and handled general maintenance tasks including plumbing and light electrical work.

Freelance Video Editor Remote
Video Editor 2019 - 2021

- Processed customer audio/video files using non-linear editing systems and maintained organised digital file storage.

EDUCATION & PROFESSIONAL DEVELOPMENT

Hoërskool Zwartkop Centurion, Gauteng
Graduated 2018 · C#/.NET development through Dometrain and independent study (ongoing)

CERTIFICATIONS

Cisco Certified Network Associate (CCNA) Cisco · July 2025
Valid South African Driver's Licence
